MudPACK CPE Sniffs Giving Trial
November 21-22, 2026

General Briefing 8:30am

Additional Information including a detailed explanation of the trial flow will be announced at the in-person briefing each morning of the trial, followed by a walk through of the search areas with the judges.

Trial Flow & Exhibitor Information

- Trial check-in will be in the main barn area. Please check in – we have a small token of our appreciation for you! It's also important for us to know if you are on-site so we are not holding up searches waiting if you aren't present.
- We will be using MDE for announcements/updates periodically throughout the day. We also have a megaphone to call for upcoming dogs. https://mydogentry.com/public/trials/1531
- Ribbons & scoring are in the main barn area. Always check your scores. Please notify the secretary/scorekeepers of move ups ASAP. We have qualifying score ribbons, placements, and new title ribbons. Title tracking sheets will be available. We are also offering a themed high in trial ribbon for each level each day!
- A "joy board" and limited hospitality will be in the main barn area. Please visit our Turkey and add your "feather" to his tail, telling us what your most thankful for!
- Preordered t-shirts, and preordered odor swab pick up from the judge will also be located in the main barn.
- Vendors are in the room attached to the main barn.
- Volunteers: we LOVE our volunteers and dog sports just simply cannot exist without help! Scentwork is challenging for volunteers as we need them to be pre-scheduled to ensure that you are not volunteering for a search you are entered in. If you are interested in volunteering, you are welcome to contact our Volunteer Coordinator, Linda Larson at lindaandcavs@gmail.com to be added to the volunteer schedule.
- Schedule of Classes:

Saturday			**Sunday**					
Level 1			Level 1			Level 2		
Judge: Natalee Yates			Judge: Patty Michak			Judge: Natalee Yates		
	Class	**Location**		**Class**	**Location**		**Class**	**Location**

***First run for volunteers Not Before 8:45am**			***First run for volunteers Not Before 8:45am**			Class Grouping 3	Vehicles & Exteriors	Classroom/Behind Building
						***Level 2 Starts Not Before 9:45am**		

Grounds & General Dog Handling

- All dogs must remain on leash and under control. Off leash allowed in the designated off leash areas. Please ensure BOTH GATES are closed if you are using the off leash area closest to the entrance.
- Off leash areas are not dog parks. Please do not enter an occupied paddock without permission. If you are using the off leash area, please be mindful of those waiting and keep your time brief to allow others an opportunity.
- Please do not allow your dog to charge the fence or run along the fence when in the off leash areas. If you know your dog struggles with neutrality, please use a long line to prevent an issue BEFORE it starts.
- Please do not allow your dog to potty on man-made objects and promptly pick up after your dog. There are multiple trash bins located around the trial site.

Parking and Crating

- Please see the attached map for parking areas. Cones will be placed in low/wet spots; please steer clear of those areas.
- There is no indoor crating area. Crating will be strictly from your vehicle (exceptions only for trial committee members who are volunteering use of their vehicle for the vehicle searches).
- You are welcome to set up a canopy to the rear of your vehicle. Please do not set up canopies to the side where someone else could park. There is limited parking on site and this ensures the majority of people can park closer to search areas.
- No dogs are allowed in the main barn area. Only exception to be those actively being massaged by the vendor, and trial committee members dogs or dogs are being crated while their vehicle is used for searches.

Directions to the Property & Map

From Highway 3: Take 305 exit off highway 3. Follow highway 305 to Lincoln Ave. Turn left at Lincoln Ave. Continue down Lincoln Ave. and turn right on Big Rock Ln. Big Rock Ln. is a dirt road and has a large boulder at Lincoln Ave. as a landmark. Proceed slowly down Big Rock and 20550 Big Rock Ln. is the second property on the left. Turn left onto the driveway and follow around to the left past the private residence, between the agility field on your left and classroom building on your right. Park in the designated area pulling or backing straight in either against the off leash area or the agility field as noted on the map below. Overflow parking will only be used if necessary.

From Highway 104: After exiting the Kingston Ferry, proceed down Highway 104. Highway 104 will turn into the Bond Road/Highway 307. Turn left on Gunderson Rd. followed by an immediate right on Stottlemeyer Rd. Stottlemeyer Rd. will dead end on Lincoln Ave, turn left. The first right is Big Rock Ln. Big Rock Ln. is a dirt road and has a large boulder at Lincoln Ave. as a landmark. Proceed slowly down Big Rock and 20550 Big Rock Ln. is the second property on the left. Turn left onto the driveway and follow around to the left past the private residence, between the agility field on your left and classroom building on your right. Park in the designated area pulling or backing straight in either against the off leash area or the agility field as noted on the map below. Overflow parking will only be used if necessary.
