SPECTATORS

Welcome!
Here are a few guidelines to ensure a great viewing experience for you and a fair search experience for all competitors.

- **DO NOT DISCUSS THE SEARCHES ANYWHERE ON TRIAL GROUNDS.** Scent Sport relies on searches being "blind", meaning neither the dog or handler in each team knows where the hide is placed. Discussion is not permitted to ensure that any team who has not yet run does not accidentally overhear and get an unfair advantage.
- No Food is permitted in the search areas.
- Spectators are limited to the number of chairs provided.
- Please be respectful of the teams searching and limit conversation/distractions.
- Do no leave during an active search. If you wish to exit, please wait until the searching team is confirmed to have finished their search and exit between dogs.
- Judges have final say in spectator presence.
