UKI DASH - General Rules

- Dogs and handlers need to be UKI members. Register online at www.ukagilityinternational.com
- Entry is open to everyone irrespective of the dog's UKI level.
- Dogs and handlers must be registered with UKI.
- Each class has a separate competition for each jump height.
- Dogs may only compete at one height throughout the whole event.
- Dogs may only compete with one handler in DASH Tournament Classes. If this rule is broken handlers and dogs will be disqualified from the whole DASH event.
- Classes will be run in strict running order. Running orders will be randomly drawn for all rounds except the Steeplechase DASH Challenge Final.
- Failure to be on the start line for your turn will result in Elimination and unable to run in the class.
- Classes will be run under UKI rules and regulations, with additional rules detailed in the premium. Any further amendments will be posted on the trial's social media page for the event.
- In the event of a tie for a progression place in the Triathlon, the result from the FUSION Agility will decide the winner followed by the result from the Jumping.
- In the event of a tie for a progression place into a final, both dogs will go through to the Final.
- In the event of a tie for a top 3 overall podium in a Final, a runoff will be required. If a competitor chooses not to run in a runoff, they forfeit their place, and the higher place will go to the other competitor. A coin toss will determine the placings if both competitors do not want to run in a runoff.
- In the event of a tie to determine the running order in the Steeplechase DASH Challenge Final, a coin toss will determine the running order.
- A no-show in any class or any round of an event will result in disqualification from that event, including prizes and awards and will incur 1000 faults.
- UKI reserves the right to rule at the event on anything not covered in these rules and in any exceptional circumstances.
- The Steeplechase DASH Challenge and Final will use a scoring of 5 faults = 5 seconds. The FUSION DASH Triathlon will use the least faults wins with time as a tiebreaker.
- FUSION DASH Pentathlon Agility classes must have 3 contact passes per course, the Dogwalk may not be used.
- Courses may have up to 22 obstacles at this event.
- The minimum and maximum distances (dogs' path according to the course design program) will be 20-28 feet with an average maximum distance of 25 feet.
- Show Management is committed to safety and is determined to provide premier equipment, running surface and course design. However, unforeseen circumstances may arise that are out of our control. By entering this event, you accept that you have a personal choice not to run in any class if, for any reason, you believe there are safety issues due to differing opinions on course design and/or environmental factors. You agree by entering this event that you have no comeback or right for a refund on any course you do not wish to run due to course design and/or environmental factors.

The DASH Tourney Overall Winner

Each jump height will produce the best scoring dog based on the overall results of those who ran in the Steeplechase DASH Challenge Final and the results of the DASH Triathlon. The winner will gain a bye into the Speedstakes Final at both the USO & WCO & will also gain a Rd 2 Nationals Bye at the USO & CO. If the overall winner has not already achieved a bye for one of the Finals at the DASH Open, they may choose one of the Finals as their automatic Bye.

The tabulation for the Overall winner will be based on the number of dogs entered within each jump height in both events. The event winner (i.e. Steeplechase DASH Challenge Final) will receive the highest points equal to the total number entered in that jump height. Example: If 10 dogs are entered in the 24-inch height in the Steeplechase Challenge, then the winner will receive 10 points, 2nd place 9, 3rd place 8 and so on. All dogs entered will receive the points based upon their ranking, even if they are not eligible for the Overall awards. Eliminations in the Steeplechase Challenge Final will receive 0 points.

- Only dogs progressing into the Final of the Steeplechase DASH Challenge are eligible for the Overall tabulation.
- A no-show or NFC in any class will result in disqualification from any awards or progression for that event and overall winner result.
- If a dog is eliminated in the Final, they are no longer eligible for the overall award.

- If a dog obtains TWO eliminations in the Triathlon event, they are no longer eligible for the Overall award.
- In the event of a tie for the overall winner, the Steeplechase DASH Challenge Final placement will be the deciding factor.

Should a dog win the overall result and has previously obtained this result at another DASH Tourney, the result will not move down to the next placed dog.

1. Steeplechase DASH Challenge & Final

Scoring: Faults converted to time. 1:1. i.e. 5 faults equals 5 seconds

- Rd 2 – Speedstakes Jumping (Jumps, tunnels 1 x weave). Clear rounds will earn *4 level points in Jumping*
- Rd 3 - Steeplechase (jumps, tunnels, 1 x AF, 1 x weave). *No progression points awarded*.

Managing Conflicts for Handlers with Multiple Dogs in Non-Seeded Classes

In the initial classes of each event (non-seeded runs) a random draw will produce the running order. Handlers with more than one dog will have their running orders altered to achieve the following:

• A gap of 10 dogs (9 dogs between their runs) will be created by moving the first-drawn dog earlier in the running order. If this does not achieve a 10-dog gap then the second-drawn dog will be moved down in the running order.

• If there are not enough dogs in the class to achieve the 10-dog gap the biggest gap possible will be created. If this gap does not achieve the minimum 10 dog gap, then a break of 6 minutes will be given. The 6 minute countdown will start as the handler's first dog crosses the finish line; the handler must enter the ring with their second dog before the countdown is complete.

• Handlers with more than 2 dogs will have their dogs split using the 10-dog gap rule. If there are not enough dogs to achieve this, the dogs will be split evenly through the running order and the 6 minute rule will be adhered to. If a handler has dogs in different height divisions, and the 10 dog gap cannot be achieved, the 6 minutes will run through while the jump heights are being changed.

Multiple dog conflicts in Seeded classes:

In the seeded classes a handler has earned their running order and the advantage this brings; therefore, their dogs will not be automatically moved to create a gap. Instead, they will be given 6 minute break between dogs. However, a handler may choose to move their first dog to a spot earlier in the running order to create a gap of 10 dogs (9 dogs between their runs). If this is unable to be achieved, the 6 minute rule will be used. A handler must notify the results office within 30 minutes of the results being posted of the previous class in that particular event if they wish to move their running order for the next round. Failure to do so will mean they will be given a 6 minute break. By entering more than one dog in this event, handlers indicate their acceptance to comply with these rules.

The Terms and conditions referred to in the box from the entry form page (4)

You must read and agree to these conditions and provisions before submitting your entry.
By entering this event, you, as the entrant, acknowledge that you are authorized to act on behalf of both yourself and any other UK Agility International (UKI) members who will participate under your entry.

Measuring Dogs

Please ensure you understand the criteria regarding dogs being measured. Refer to the current edition rule book which can be found on the UKI web page. UKI 11th Edition Rule Book.pdf A summary of the rules can also be found here Jump Heights | UK Agility International

If a dog is under 3 and newly registered, a temporary measure or proof of the dog's height must be done by the dog's 3rd trial. A permanent measure must be obtained by a UKI official measurer between 12-18 months after the dog's first/ temporary measure. Any registered dog that only has a temporary measure, must follow the above rule. If a newly registered dog is over 3, they must obtain a measure by an official UKI measurer by their 3rd trial and this measurement will be permanent.

Exhibitors are responsible for tracking their dog's points in each of the two UKI programs and must move their dog to the next eligible level on the following day of a multiple-day trial once sufficient points have been earned. Competitors must notify the trial secretary on the day their dog gains enough points to move up in a particular program. Exhibitors may log into their UKI account to confirm and tally points.
