Non-traditional Jackpot

In this non-traditional Jackpot you and your dog must test your distance handling skills by successfully completing a minimum of 3 obstacles while within one of the gamble boxes.

Here are the rules:

Your gamble obstacles can be completed at any time but once your dog completes one obstacle successfully while you are within any box area, you must complete two more for a total of three before stepping out of the outer box.

All obstacles can only be taken twice for points including during your gamble.

Once in the gamble area you can move between boxes while acquiring points.

Once the handler steps out of the gamble area all bonus points stop and you will acquire regular points.

You cannot come and go from the gamble area.

Failing to follow the above directions will negate your gamble.

Point accumulation

All obstacles completed successfully while the handler is within the larger box labeled as 2, will earn you double points for that obstacle.

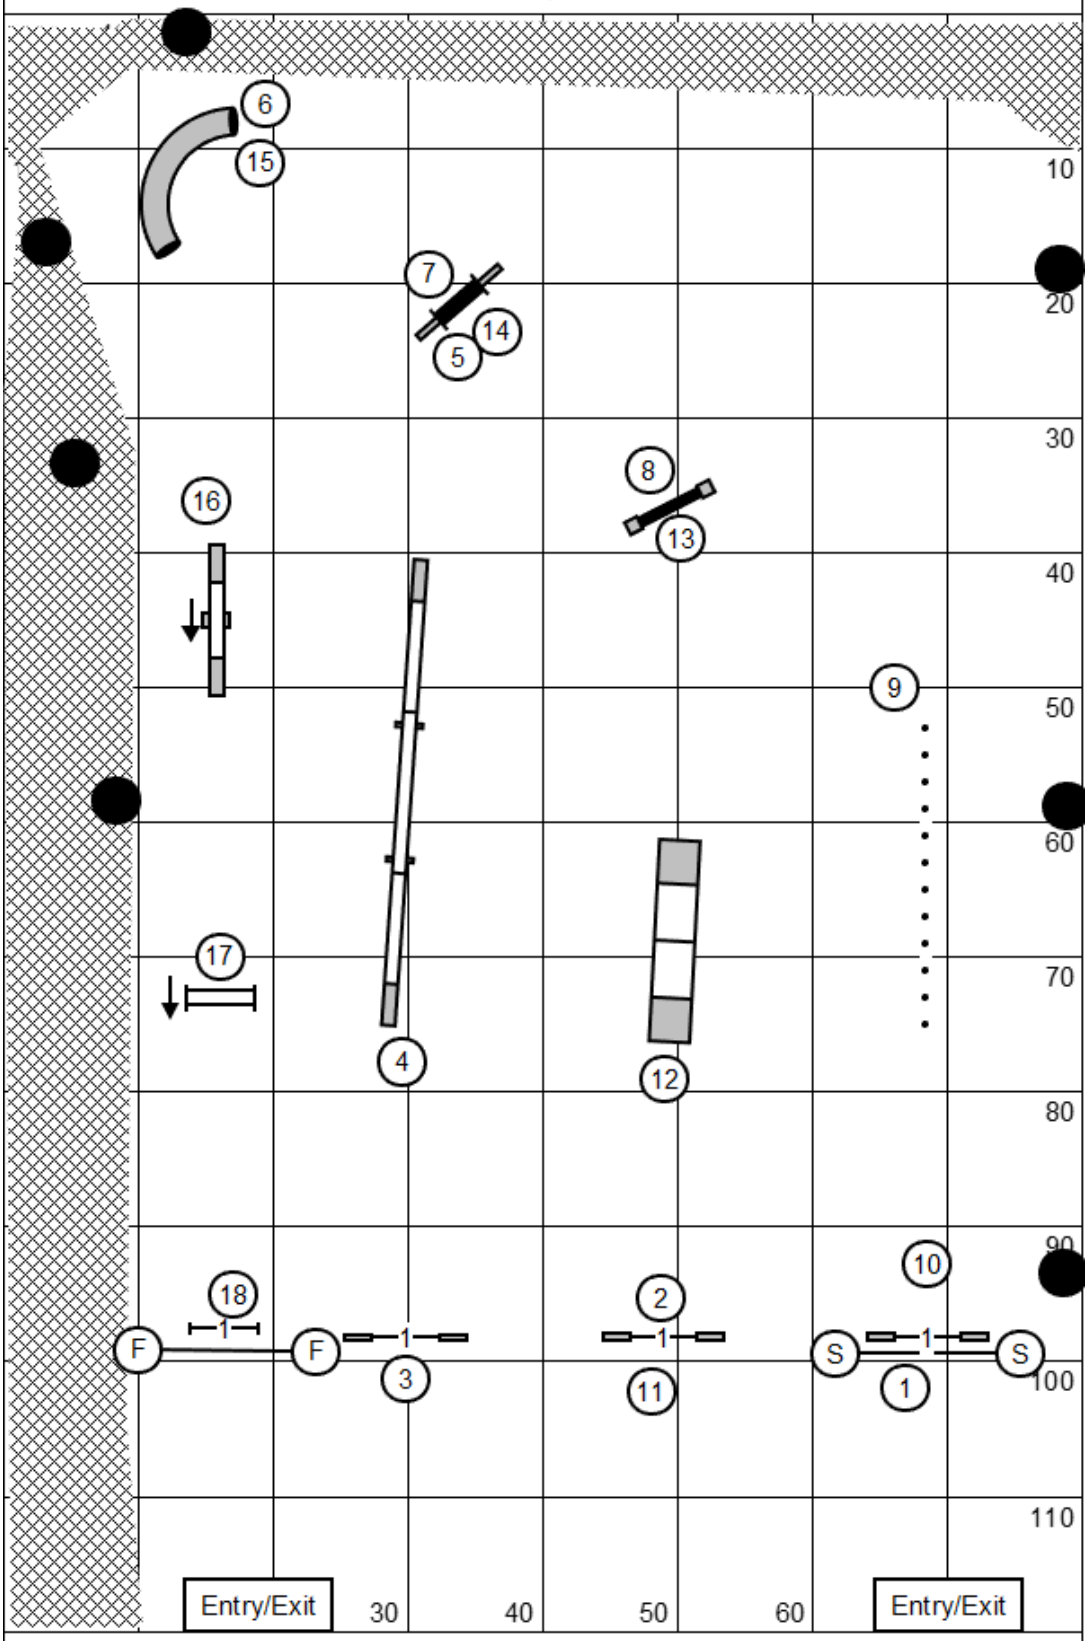

All obstacles completed successfully while the handler is within the smaller box labeled as 3, will earn you triple points for that obstacle.

For a one time bonus, if your dog completes any of the A,B,C obstacles while the handler is behind the gamble line labeled as 4, you will earn quadruple points.

The finish jump becomes live after the first buzzer and will be worth 5 points. You must wait for the first buzzer before heading to the finish.

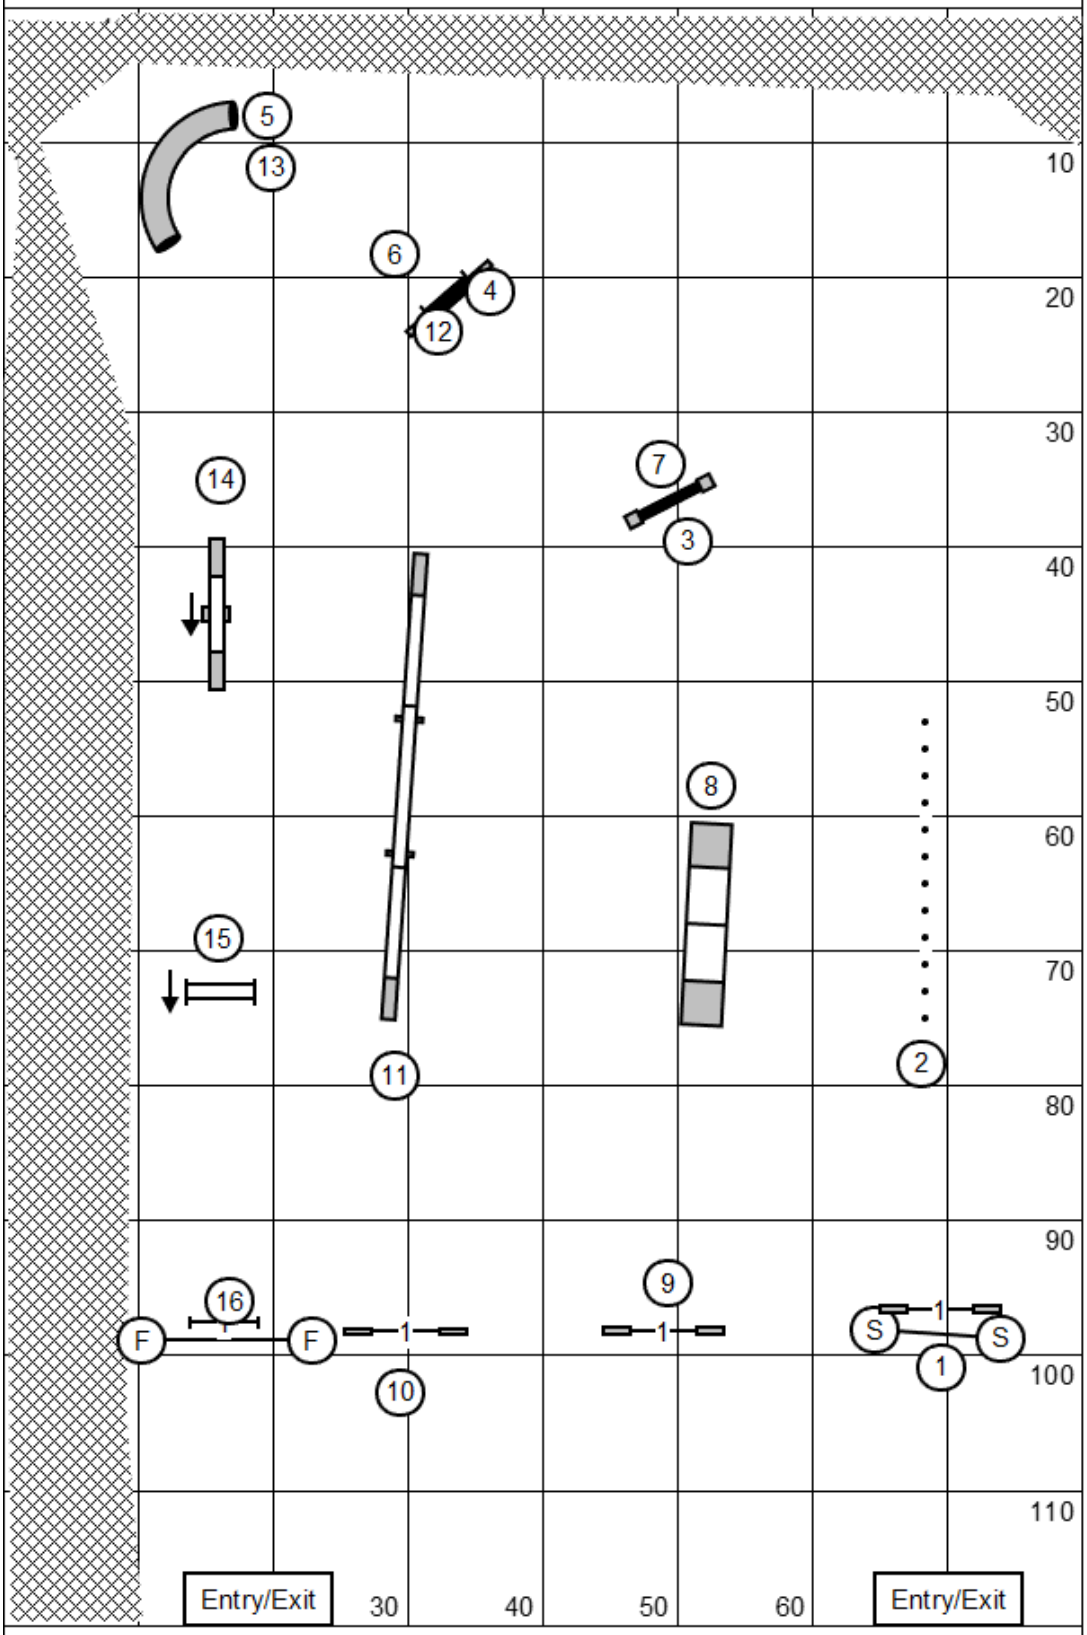

| Total Points needed to Qualify | | |
|---|---|---|
| | Reg/Vet | Spec/Enth |
| Level 1 | 32 points | 30 points |
| Level 2 | 36 points | 34 points |
| Level 3 | 40 points | 38 points |
| Level 4/5/C | 44 points | 42 points |
